

This checklist will guide you in preparing a Psychology minor plan for submission in DartWorks.

It is intended to help you plan but should not replace your seeking advice from the Chair of the Undergraduate Committee or any other faculty member as you design an effective and satisfying minor.

Prerequisite Course:

- PSYC 1

Required and Elective Courses:

Your plan should include the following components:

- Two PSYC courses numbered 50 or higher.
Transfer courses are NOT acceptable for this requirement.
- Three PSYC elective courses numbered between PSYC 11 – PSYC 88

Important Notes and Resources:

- All minor courses must be listed as PSYC courses, including any cross-listed courses.
- No course approved for this minor can be used for any other major or minor.
- No more than one of these courses may be taken NR.
- While two of the six required courses may be transfers, transfers cannot count toward the 50 or above requirement.
- Requirements of the Minor in Psychology:
<https://pbs.dartmouth.edu/undergraduate/psychology/minor-psychology>
- DegreeWorks Major/Minor Declaration Reference Guide for Students:
<https://www.dartmouth.edu/~reg/guides/dartworks/index.html>
- When selecting courses in your minor declaration, please scroll down until you come to the exact course number. Course numbers with decimals come later than course numbers without decimals and courses are listed in order based on the first number (i.e., PSYC 83.08 will come later than PSYC 085 and PSYC 174).
