**2020-2021 PSYC COURSE LIST**

Below are the courses to be offered during the 2020-2021 academic year. While every effort is made to ensure the accuracy of this list, the *Timetable of Class Meetings* should be considered the official listing of courses each term.

Note that sign-up for 60s-level and 80s-level courses for 2020-2021 will begin on July 8, 2020 via the PBS web form. See: [http://pbs.dartmouth.edu/undergraduate/permission-courses](http://pbs.dartmouth.edu/undergraduate/permission-courses).

### Summer Term 2020

50.08. Neurobiology of Learning and Memory. Winter, 2.

### Fall Term 2020

1. Introductory Psychology. Duchaine/Wheatley, *Remote with synchronous components, in the F block.*
36. Systems Neuroscience with Lab. Taube (Previously offered as PSYC 65), *Remote with synchronous components, in the C block.*
37. Behavioral Neuroscience. Smith (Previously offered as PSYC 45), *Remote with synchronous components, in the C block.*
40. Introduction to Computational Neuroscience. Granger (Crosslist COSC 16, COGS 21), *Remote with synchronous components, in the K block.*
80.05. Mind, Brain, and Health. Wager, *Remote with synchronous components, in the K block.*
Winter Term 2021
7.03. Credulity & Pseudoscience (FYS). Pfister, Remote with synchronous components, in the C block.
36. Systems Neuroscience with Laboratory. van der Meer, Remote with synchronous components, in the C block. (Previously offered as PSYC 65)
37. Behavioral Neuroscience. Clark, Remote with synchronous components, in the J block. (Previously offered as PSYC 45)
(Previously offered as PSYC 27)
54.02. Health Psychology. Detzer, Remote with synchronous components, in the K block.
60. Principles of Human Brain Mapping with fMRI. Finn, Remote with synchronous components, K block.
81.11. Real World Scene Perception. Steel, in the J block.
Haxby, Remote with synchronous components, in the E block.

Spring Term 2021
1. Introductory Psychology. Wheatley/Wager, Remote with synchronous components in the F block.
35. Cellular and Molecular Neuroscience. Hoppa, (Crosslist BIOL 35) (Previously offered as PSYC 46)
36. Systems Neuroscience with Laboratory. Maue, (Previously offered as PSYC 65) Remote with synchronous components in the C block.
52.06. Typical and Atypical Neurodevelopment. Robertson, Remote with synchronous components, K block.
54.03. Forms of Therapy. Hudenko, Remote with on campus components, in the J block.
54.03. Forms of Therapy. Hudenko, Remote with synchronous components, in the K block.
54.05. Consumer Neuroscience. K.R. Clark, Remote with synchronous components, in the D block.
54.08. Leadership. Herman, Remote with synchronous components, in the J block.
80.01. Neuroscience of Reward. Smith, Remote with on campus components, in the J block.
84.05. The Power of Beliefs. Chang, Remote with synchronous components, in the K block.
