

Research Coordinator Georgetown Laboratory for Relational Cognition

The Georgetown Laboratory for Relational Cognition, directed by Dr. Adam Green, anticipates hiring a half-time research coordinator for an NSF-funded study of concept development and reasoning in real-world high school STEM education. Primary responsibilities will include outreach to students and families as well as teachers and school administrators. Depending on level of interest, the research coordinator will have substantial opportunity to engage with all aspects of the project, including collection and analysis of behavioral and brain-imaging data. This project seeks to contribute to bridging the gap between the real-world classroom and the cognitive neuroscience laboratory.

The preferred start date is July 2018.

For more information on the lab, see cng.georgetown.edu.

To apply:

Applicants should send a cover letter describing relevant experience and career goals, a current resume/CV, an unofficial college transcript, and contact information for two people who can comment on the applicant's skills relevant to this position to cnglab@georgetown.edu.

Please send any questions to the lab manager, Nhi Dinh, at Nhi.Dinh@georgetown.edu.

Compensation is based on Georgetown pay scales, depending on qualifications and experience.

Georgetown University is an Equal Opportunity/Affirmative Action Employer and all qualified applicants will receive consideration without regard to race, color, religion, sex, national origin, disability status, protected veteran status, or any other characteristic protected by law. If you are a qualified individual with a disability and need a reasonable accommodation for any part of the application and hiring process, please see the Georgetown website for more information, or contact the Office of Institutional Diversity, Equity & Affirmative Action (IDEAA) at (202) 687-4798. This position requires a criminal background check performed by Human Resources.
